Our Ref: LD/DLE/cc/EasterBreak

30th March 2020

Dear Parents/Carers

Easter Break

Thank you for all of the positive comments we have received about the online materials we have been providing on our Working at Home website, as well as the teacher support offered through Microsoft Teams and e-mail. This will be continuing during term time, Monday to Friday, until the government tell us it is safe for schools to re-open.

As I am sure you understand, it is essential that our teachers have the necessary downtime to relax with their families so that they can be recharged and be ready to help your children again after what would usually be the Easter break.

Therefore, we are telling all of our teachers not to respond via Teams or email after 3pm this Friday (3rd April 2020). Please tell your children not to contact their teachers again until Monday 20th April 2020.

The work for all year groups will be refreshed this week. There is more than enough for your children to be getting on with. If they have any questions, please save them for after the Easter break.

Thank you for your continuing support.

Yours sincerely

Ms L Draycott
Headteacher
