Our Ref: LD/cc/DLE/Coronavirus

11th March 2020

Dear Parents/Carers,

You will be aware from the news of the current situation regarding the Coronavirus (COVID-19) and you may be wondering how we are responding and planning for all eventualities.

We receive daily updates from The Department for Education advising us of new information and any action we may need to take. So far, the direction given to all schools matches everything that we have all seen on the news. Regular washing of hands for more than 20 seconds with soap and water remains the most effective action we can all take to prevent the spread of the virus.

Pupils have been reminded of this advice: multiple notices are placed around school and on big screens to continually prompt everyone to wash their hands. In addition, we are ensuring that cleaning remains thorough in school every day.

So far, there have been no cases of Coronavirus within or connected to school.

In the event of a change to our situation, we will notify parents immediately and act according to the advice given to us by Public Health England and The Department for Education.

Rest assured that if any pupils had to stay at home we would be able to provide them with high quality work.

As things currently stand, it is business as usual for all.

Thank you for your continued support.

Yours sincerely

Ms L Draycott
Headteacher
