Our ref: LD/MB/cc/Cadet Recruitment Activities

6th April 2020

Dear Parent/Carer

Cadet Recruitment Activities

In order to provide our potential future Cadets with some useful activities during these times, the link below will take you to the Royal Air Force Air Cadets Bader Screen:

<https://www.bader.mod.uk/>

At the bottom of this webpage are a series of links to You Tube Videos where your child can learn basic foot drill, how they will upkeep their uniform and a whole series of other demonstrations.

Drill is the basis of all activities that the Cadets participate in, as it requires both personal discipline to learn and carry out the drill correctly, as well as teamwork when we bring a group of cadets together to perform. Learning these skills will enable us to accelerate our recruiting process when current events allow us to return to normality.

There is no age limit to learning basic military foot drill and it can be a good alternative exercise activity for all the family. Who knows, maybe we will discover a family continuity drill team!

If you have any queries, please contact Sergeant Bew via the school postbox at postbox@barrbeaconschool.co.uk

Yours Sincerely

Ms L Draycott
Headteacher
