

Our ref: LD/KHi/KB/Year 10

16th November 2020

Dear Parent/Carer

Barr Beacon School
www.barrbeaconschool.co.uk

I am writing to inform you about some changes that will be happening for Year 10 pupils over the coming weeks and to draw your attention to the importance of the assessments to be completed before the end of term.

Changes to teaching groups in both core and option subjects will take place, which may affect your child. The changes are being made to target teaching and to help your child achieve their potential. Pupil's effort will also be taken into account.

Assessments covering taught content in Science will be completed before the end of term. Pupil's achievement in these assessments, as well as data from previous assessments will be used to inform the final decisions about which pathway your child will follow in Science. I will write to you to confirm whether your child will study Triple or Combined Science, following these assessments.

I would urge you to support your child's revision for forthcoming end of term assessments. Visit <https://barrbeaconschool.co.uk/revision-resources/> to find ways to help your child revise.

If your child has to isolate, please ensure that they log in to TEAMS and complete all work that is set.

Yours sincerely

Ms L Draycott
Headteacher
