Dear Parents / Carers

Year 9 Assessments and Feedback

Barr Beacon School
www.barrbeaconschool.co.uk

In everything we do, we are trying to make things as 'normal' as possible for pupils. Therefore, we are going to be sticking to our assessment schedule as closely as possible, even though pupils will be completing assessments remotely.

The table below summarises how assessments will take place this half term in each subject.

The aim is not to provide pupils with a grade so there is no point in them cheating by using notes, revision guides, etc. Pupils should do what they can from memory. The aim is to make sure pupils know where their learning is secure and where they need to focus their attention next. It will also help teachers to inform their planning in order to plug pupils' knowledge gaps.

I know that many pupils have already been appreciating being able to send teachers work via Teams or e-mail so they can receive feedback. Even with the constraint of most pupils having to remain in their homes, many pupils have made it work, even photographing work for their teachers to see where required. **If your child has not been sending work for their teachers to give feedback on, please encourage them to do so for the remainder of the time we are off school.**

Feedback is incredibly important and, when we are in school, we make sure that pupils always know the answers to these two questions in all of their subjects.

What am I doing well in this subject?

What do I need to do to improve my work in this subject?

For example:

What are you doing well in English?'

What do you need to do to improve in maths?'

Although we are not currently in school, the feedback they receive from their teachers once they have completed these online assessments will provide pupils with the answers to these questions.

Pupils will take these assessments during scheduled lesson time. Teachers will inform their classes directly WHEN they need the assessments to be completed.

Further detail about each assessment and what the feedback will look like in each subject is provided below.

Make sure your child is logged into the school system or their assessment will not be identified as theirs and they will not be able to receive personalised feedback.

If your child cannot complete work electronically and currently receives work packs, the assessments will be included in the work packs for those weeks. For them to receive feedback on these assessments and any other work they have produced, please arrange with reception a time when you can bring the work into school. Alternatively, you can post it back or they can keep it to bring in to show their teachers after lockdown.

Pupils only complete the assessments for the subjects they have studied this term (not everything in the table below applies to your child).

If your child has any difficulty finding a particular subject's assessment, or if they have questions related to that specific assessment, they need to contact their teacher for that subject using the Chat function of Teams.

If your child has any technical issues please email itsupport@barrbeaconschool.co.uk

Subject	Description of assessment	What feedback will look like
Art	<p>Pupils will complete a Microsoft Forms quiz which will consist of multiple choice questions. This will be assessing their knowledge of various techniques they have been exploring in their live practical lessons.</p> <p>This quiz will be scheduled for some of the lesson time during the week commencing 8th February.
