3rd February 2021

Dear Parent/Carer

Year 9 English Intervention Support

Barr Beacon School
www.barrbeaconschool.co.uk

Your child has been selected to receive some additional individual support to help them achieve their end of year target in English. This targeted intervention is entirely optional due to the current circumstances, however we want to ensure that your child has the opportunity to participate should they wish.

As all children progress at different rates, there may be times when a teacher feels a child may benefit from an intervention group in order to supplement timetabled lessons and class teaching. This may be because we feel a child is not completely reaching their potential and may need 'a little extra push' or it may be to 'catch up' in a particular area.

The revision materials will be provided in the form of an intervention pack. The intervention pack will focus specifically on the taught outcomes from the first half term that your child has not yet achieved.

Pupils can work through the support materials at their own pace to help them consolidate their learning. They will then be able to their understanding with English specialist Mrs Kapcia, who will be on hand to provide live feedback every Wednesday from 3.00-3.30pm (this will appear on your child's Teams Calendar, should they wish to join).

Once the materials have been completed to the best of your child's ability, they will have the opportunity complete the online quiz to demonstrate what they have learned. Further instructions will be sent to your child about this.

Your child will be added to a newly created Team called **Year 9 English Intervention group** where they can access the resources and ask any questions. This Team will be monitored by Mrs Kapcia, should they have any questions. If your child has any questions about this, they can message Mrs Kapcia through the Teams' Chat.

The resources are available on Teams and will be open until the online quiz link is sent out on 10th March 2021. This will coincide with their next set of assessments in English, allowing your child to demonstrate their improved understanding and ability in the subject.

I thank you for your continued support.

Yours sincerely

Ms L Draycott
