Dear Parent / Carer

Easter Resources for Key Stage 3 and Key Stage 4

We have been delighted to welcome back all of our pupils to school during the last half term. We realise that many of you are keen to support your child's continuing academic progress during the Easter holidays, and this was a sentiment shared during our recent 'Parent Panel' meeting.

To that end, our subject specialists have created a collection of resources that pupils in Key Stage 3 and Key Stage 4 can use support their academic progress during the Easter Holidays.

The resources include support resources, which are designed to help your child's understanding and application of core foundational knowledge. Firm knowledge of the 'essentials' in each subject is required before progressing to further knowledge.

We also have developed a bank of challenge resources, which are designed to push pupils towards achieving the very top grades. They have been designed to be challenging. Each set of subject resources will begin and end with a short set of quiz questions which will help your child understand what they have understood and where they can continue to develop their understanding.

These resources can be accessed on our website using the following link.

<https://barrbeaconschool.co.uk/easter-resources/>

They will be available to access from 4pm on Thursday 1st April 2021.

Yours sincerely,

A handwritten signature in black ink that reads "Draycott".

Ms L Draycott
