Our ref: LD/LL/xx/Y10 ComputerSciencegroup change

17th March 2021

Dear Parents/Carers

We are committed to ensuring every one of our pupils receives the appropriate guidance they require so they achieve as highly as possible in each of their subjects. Sometimes this means that we move pupils to different groups where they can receive support, which is more targeted to their current needs.

To this end, some Year 10 pupils will be moving groups in GCSE Computer Science as of Monday 22nd March 2021. To decide on these groupings, we used assessment data, teacher comments and closely scrutinised their work.

The reason for this group change is that we have increased capacity in the Computer Science department whereby a “larger” group is being split into two smaller teaching groups. Both groups will be taught by a specialist teacher.

Even if your child does not change groups, pupil progress is being reviewed regularly and, as they move through school, they will increasingly be changing groups to match their needs.

If you have any queries about GCSE Computer Science groups, please contact Miss Lloyd (Deputy Headteacher).

Yours sincerely

Ms L Draycott
Headteacher
