Our Ref: KH/PK/cc/Popular Maths Lecture

9<sup>th</sup> November 2022

Dear Parents/Carers

**Patterns: Beautiful and Dangerous**

I writing to inform you of an exciting opportunity for our A-level mathematics students.

Each year, University of Birmingham deliver a series of Popular Maths Lectures, the next of which is on Wednesday 30<sup>th</sup> November at 7pm.

The lecture, on Patterns: Beautiful and Dangerous, will be broadcast on Zoom and this would be a fantastic way for maths students to broaden their knowledge and be involved with the mathematical community.

To watch the lecture on Zoom, students will need to register using this [link](#).

Alternatively, students may choose to be at the lecture face to face. It is held in the Watson Building (School of Mathematics) at University of Birmingham, arriving at 6:30pm. Maths staff from Barr Beacon School will not be in physical attendance at this event and so students would need to arrange this independently. Students wishing to attend this event in person should talk to Mr Davies (Director of Maths) for further details.

More details can be found from the University of Birmingham website [here](#).

If you have any queries, please contact Mr Davies via [postbox@barrbeaconschool.co.uk](mailto:postbox@barrbeaconschool.co.uk)

Yours sincerely

Mrs K Hibbs  
Headteacher
