Dear Parents/Carers

Vaccination catch ups Summer 2023

As you are aware, many pupils received their vaccinations at school this academic year. We have now been notified by Vaccinations UK, the providers for the NHS who complete the school aged immunisations in schools that they are holding the final catch up clinics in the school holidays.

Any vaccinations that have been missed will only be offered to current **Year 8 (HPV) Year 9 (DTP/MEN) and Year 10 (HPV & DTP/MEN)**.

This will be your final opportunity for your child to receive these immunisations this academic year. If your child is outstanding their HPV vaccination or DTP/MEN ACWY vaccination, please contact Vaccinations UK office on **01922 902035**.

They are holding clinics on the below dates:

TUESDAY 01/08/23

WEDNESDAY 09/08/23

THURSDAY 10/08/23

Catch ups will be booked by **APPOINTMENT ONLY**. Vaccinations UK will disclose the location of this clinic when parents contact their office on 01922 902035. May I remind you that you have to contact Vaccinations UK directly as per the telephone number given and not Barr Beacon School.

Yours sincerely

Mrs K Hibbs
Headteacher
