

Curriculum intent: Our curriculum builds pupils who are inquisitive, tolerant and democratic by allowing them to engage in the past to develop an understanding of the future.

Curriculum rationale: We have chosen a curriculum which is built on both disciplinary skills and substantive knowledge where pupils study History both chronologically and thematically during their time at Barr Beacon to reflect the significance of key events, periods and people in the past and allow them to make links to their own experiences, culture and heritage.

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
