

Curriculum intent: In the geography department we strive to create global citizens who are knowledgeable enough to make informed decisions and confident enough to verbalise our own views coherently.

Curriculum rationale: In the geography department we strive to create global citizens who are knowledgeable enough to make informed decisions and confident enough to verbalise our own views coherently. The Geography curriculum allows us to investigate the world around us by looking at different places, cultures, and landscapes. We are able to consider our own place in the world, giving us the opportunity to become global citizens and gets us ready to apply our knowledge to our future lives.

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
7	Amazing Places	Fieldwork	The UK Jigsaw	Development and Population	Africa	Deforestation and Desertification
