

**School Intent:** Our curriculum provides pupils with the knowledge and experiences which will interest and empower them to thrive in the workplace and make informed contributions to our democratic society.

**Curriculum intent:** We provide a broad and challenging curriculum to provide students the **knowledge and experiences** of business enterprises that underpins effective use of skills, such as the features and characteristics of enterprises and entrepreneurs, and the internal and external factors that can affect the performance of an enterprise. Our programme of study provides a practical knowledge-rich curriculum ranging from finance and market research to prepare learners for further education and **future careers**. Our curriculum **interests and empowers** learners allowing them to **thrive in the workplace** and **make informed contributions to democratic society**.

**Curriculum rationale:** At KS3&4 we introduce the purpose and roles of small to medium enterprises to build essential knowledge for BTEC Level 2. At KS4 we further develop the knowledge and understanding of SME's using real life local case studies. Learners gain the knowledge that underpins effective use of skills, such as the features and characteristics of enterprises and entrepreneurs, and the internal and external factors that can affect the performance of an enterprise. At KS5 the Business Studies curriculum allows learners to further develop their knowledge and experiences through a mixture of coursework, case studies and practical assessments.
