Forecasted Warm Weather- Week beginning 30th June 2025

Dear Parents / Carers,

The MET Office have forecast another warm period of weather during the week commencing 30th June 2025. Temperatures are predicted to reach over 30 degrees celsius on Monday and Tuesday.

While the temperatures remain high, we will have 'Blazers Off' days. Pupils are not permitted to wear a jumper instead of a blazer. Blazers should still be brought into school by pupils. If a 'Blazers Off' day is announced during morning line up, the pupils can put their blazers in their bags. When pupils remove their blazers, they are expected to have their shirts tucked in and their top buttons done up. Ties must always have six stripes visible.

Skirts must not be shorter than 5cm above the knee and should not be rolled over. We expect pupils to wear their uniform with pride both in school and whilst in the community to uphold our high expectations.

It is especially important for pupils to carry water bottles during hot weather. Pupils are expected to carry a water bottle at all times and use the water dispensers to fill the bottles before school or during break and lunch times. Pupils cannot leave lessons to refill bottles. We do not issue disposable cups. Alternatively, pupils can purchase drinks during break and lunch time. However, only water is permitted in lessons

Thank you for your continued support in ensuring your child meets the expectations of our school.

Yours sincerely

Mrs K Hibbs
Headteacher
